ANNOTATIONES ZOOLOGICÆ JAPONENSES

VOLUME 38

1965

PUBLISHED BY
THE ZOOLOGICAL SOCIETY OF JAPAN

ZOOLOGICAL INSTITUTE, TOKYO UNIVERSITY

CONTENTS

No. 1, March 1965

	Page
KOSHIDA, Y., M. KATO and T. HARA Distribution of Radiomanganese in Embryonic Tissues of the Mouse	1
EGAMI, N. and Y. HYODO Inhibitory Effect of X-Irradiation on the Development of the Ovaries of the Fish, <i>Oryzias latipes</i> , in Sexually Inactive Seasons	8
ISHIBASHI, N. and S. TAGUCHI Studies on the Hatching of the Root-Knot Nematode, <i>Meloidogyne incognita</i> Chitwood II. Radiosensitivity of Embryos and Infectivity of Larvae Emerging from Irradiated Egg Masses	12
TAKASUGI, N. Effects of Progesterone and Chlorpromazine on Gonadotropic Activity of the Anterior Hypophysis of Persistent-Estrous Rats	20
KIKUYAMA, S. Influence of Testosterone Propionate on Vaginal Canalization in Infantile Rats	26
TAKEWAKI, K. Estrogen-Secreting Testicular Tumor Produced Experimentally in the Rat III. Thyroid Hyperplasia in Tumor-Bearing Rats	31
TAKAYAMA, S. and Y. OJIMA A Histochemical Study of the Hepatic Lesions in Rainbow Trout (<i>Salmo irideus</i>)	34
SUZUKI, S. Three Species of Ischyropsalidae (Phalangida) from Hokkaido...	39

No. 2, June 1965

KANNO, F. An Analysis of Amoeboid Movement IV. Cinematographic Analysis of Movement of Granules with Special Reference to the Theory of Amoeboid Movement	45
KIKUYAMA, S. Response of Vaginal Epithelium to Estrogen in Rats Given Injections of Androgen in Early Postnatal Life	64
KAWASHIMA, S. The Effect of Dehydration on Neurosecretion in the Hypothalamo-Hypophyseal System in Normal, Persistent-Estrous and -Diestrous Rats	70
UEMURA, H. Histochemical Studies on the Distribution of Cholinesterase and Alkaline Phosphatase in the Vertebrate Neurosecretory System....	79
KANG, Y. S., T. J. LEE and K. W. BHANG Two New Species of the Drosophilidae from Korea	97
OHNO, M. Description of a New Genus <i>Parazipangia</i> from Japan (Coleoptera, Chrysomelidae, Alticinae)	101

No. 3, September 1965

UENO, M. TAMIJI KAWAMURA (1883-1964)	105
MARUYAMA, K. and Y. ISHIKAWA Effect of $MgCl_2$ Concentration on the ATPase Activity of Actomyosin at Low Ionic Strength	108
ETOH, H. and N. EGAMI Effect of Temperature on Survival Period of the Fish, <i>Oryzias latipes</i> , following Irradiation with Different X-Ray Doses...	114

INOUE, S. Studies on the Hypophyseal-Gonadal Mechanism in Parabiotic Rats III. Luteolysis and Subsequent Luteinization in Intrasplenic Ovarian Grafts in Ovariectomized-Hypophysectomized Rats with Orchidectomized Partners	122
ÔTSU, T. and H. SONOBE Component Amino Acids of Chromactivating Substances in the Thoracic Ganglion of the Crab, <i>Eriocheir japonicus</i>	127
OHSHIMA, K. Substance Stimulating or Inhibiting the Evagination of the Filament of <i>Nosema bombycis</i> Nägeli II. The Case of Digestive Juice and its Electrodialyzed Juice of Starved Silkworm Larvae.....	134
YAMAMOTO, K. and H. ONOZATO The Fine Structure of the Interrenal Tissue of the Goldfish	140
KURODA, N. On the Peculiar Tail-Molting of a Himalayan Cuckoo.....	151

No. 4, December 1965

SATO, T. and T. YAMAGUCHI Transmission in the Compound Eye-Central Nervous System of the Crayfish <i>Procambarus clarkii</i>	155
SHIMADA, H. Effect of Thyroid Stimulating Hormone on the Primer Activity of Thyroid Chromatin in RNA Synthesis <i>in Vitro</i>	165
EGAMI, N. and Y. HYODO Effect of X-Irradiation on the Oviposition of the Teleost, <i>Oryzias latipes</i>	171
ISHIBASHI, N. and S. TAGUCHI Effects of Ionizing Radiation on the Propagation of Root-Knot Nematodes, <i>Meloidogyne incognita</i> Chitwood.....	182
IWAMATSU, T. A Further Study on Fertilizability of Fish Oocytes.....	190
OHSHIMA, K. Substance Stimulating or Inhibiting the Evagination of the Filament of <i>Nosema bombycis</i> Nägeli III. Action of HCO_3^- in the Digestive Juice of Starved Silkworm Larvae, and the Method Effective in Evaginating the Filament <i>in Vitro</i>	198
KATASHIMA, R. Mate-Killing in <i>Euplotes patella</i> , Syngen 1	207
SAKAGAMI, Sh. F. and C. D. MICHENER Notes on the Nests of Two Euglossine Bees, <i>Euplusia violacea</i> and <i>Eulaema cingulata</i> (Hymenoptera, Apidae)..	216
